

Chapin 13.2L Metal Curing Agent Sprayer

Product Code: **SPRC13**

Chapin's 1949 3.5-gallon Tri-poxy concrete sprayer is unmatched for quality. Designed with chemical-resistant seals, it handles professional concrete applications and construction applications.

Applications:

Use it for concreting sealing, form oil, staining and other applications in the industrial market.

The 3.5-gallon Tri-Poxy tank is triple protected from dents, corrosion and rust, and the wide-mouth opening allows you to easily fill it and clean it when you'd done. It features a solid brass pump barrel, nozzle and shut-off, a 24-inch extension, and a 48-inch reinforced hose. The unique Tri-Lock seal ensures the pump cap is on tight. Made in the USA with global materials and backed by Chapin's 2-year limited warranty.

Features:

- **3.5-Gallon Tri-Poxy Tank** – Triple-coated for protection against rust, corrosion, and dents; 4-inch wide-mouth opening for easy filling and cleaning
- **Made in the USA with Global Materials** – Designed and produced in the USA with US-based customer service and technical support, located at Chapin's home base in Batavia, NY; backed by Chapin's 2-year limited warranty
- **Tri-Lock Pump Handle** – Twist-and-lock design ensures a secure seal for reliable performance
- **Chemical-Resistant Seals** – Seals and gaskets are compatible with harsh chemicals used in industrial and concrete applications: form oils, concrete sealants and general construction
- **Durable Components** – Features a brass fan-top nozzle, 24-inch brass spray wand, brass lock-on shut-off valve, and a 48-inch reinforced hose for extended reach

*Spray distance is dependent on many factors such as adjusted nozzle orifice size, tank pressure, wind interference and angle of inclination. Spray distances may vary based on user's specific application.

Due to our ongoing product improvement process, product specifications may change without notice.

Technical Specs

Model Number	1949
Tank Size (Gallons)	3.5
Tank Mouth Opening (inches)	4
Tank Material	Tri-Poxy Steel
Pump Type	Piston
Hose Length (Inches)	48
Hose Material	Reinforced
Extension Wand Length (Inches)	24
Extension Wand Material	Brass
Seal Material	Chemical-Resistant
Nozzle	Brass Fan Tip
Filter	Non
Handle	Tri-Lock Ergonomic
Shut-Off Material	Brass
Lock-On Feature	Yes
Pressure Relief Valve	No
Spray/Flow Rate (GPM)	0.5 - 1.0
Operating Pressure (PSI)	40 - 60
Shoulder Strap	No
Item Dimensions (LxWxH) (Inches)	8.75 x 8.75 x 27.35
Item Weight (lbs)	11.25
Warranty	2-Year Limited
